**Criticalist**  
**DVM, DACVECC**

## PEACE OF MIND FOR YOU AND YOUR CLIENTS: CRITICALIST ON-SITE 7 DAYS PER WEEK

### DR. HARMON'S COMMITMENT TO VETS

"To our referring partner veterinarians, my commitment is to work as a team to provide the best care for our patients during and after an emergency or critical care visit."

### ABOUT DR. HARMON

Dr. Meghan Harmon is board-certified in Emergency and Critical Care. She has a special interest in coagulation and performed platelet function research as a clinical instructor at the University of Missouri. She also started specialized coagulation testing programs in both academia and private practice.

Dr. Harmon's clinical interests also include: polytrauma, neonatal medicine, transfusion medicine, immune mediated diseases (immune mediated thrombocytopenia and anemia), acute and severe congestive heart failure, and endocrine emergencies (such as Addisonian crisis).

Dr. Harmon is excited to work at a multi-specialty hospital that focuses on a collaborative approach to patient care, while maintaining strong lines of communication with primary care veterinarians.

Check out Dr. Harmon's complete bio (including details on credentials, education, awards and publications) at [bbvsh.com/meghanharmon](http://bbvsh.com/meghanharmon)

### 7 DAY/WEEK BOARD-CERTIFIED ECC COVERAGE

- Boundary Bay Veterinary Specialty Hospital has 2 board-certified emergency and critical care specialists which allows us to provide 7 day/week specialty critical care coverage and oversight of our emergency service.

### MAKE US A PART OF YOUR TEAM

- Dr. Harmon and Dr. Jagodich are happy to consult by phone regarding emergency and critical cases to help decide if a case would benefit from critical care monitoring and treatment.

### HOW TO REQUEST A REFERRAL

- Please fill out the referral request form (available as PDF or online form) at [bbvsh.com](http://bbvsh.com).
